Dear CCSO Member:

CCSO PICKS UP MONTHLY PREMIUM FOR ENHANCED VSP VISION CARE

The California Correctional Supervisors Organization (CCSO) understands the frustrations and monetary cuts our members are experiencing as state workers. With that thought in mind, CCSO wanted to show our members that we care and want to help each and every member in some way. Therefore, I am pleased to announce that all CCSO members and their family will receive a new benefit to your existing state coverage provided through Vision Service Plan (VSP).

CCSO will pay the monthly \$4.84 for each and every CCSO actively employed member and their family because we want to provide to our members an additional benefit this year without a monthly out-of-pocket expense to you.

Starting October 1, 2009, CCSO members and their family can utilize a second pair benefit paid by CCSO for its actively employed members. In addition to your first pair benefit paid by the State of California, the second pair benefit gives you 12-month calendar year coverage for additional frame and lenses. You have a frame allowance of \$75, after a co-pay of \$10.

For questions, please contact a VSP member services representative at 800-877-7195 or visit www.vsp.com. When you use this benefit just let them know you are a CCSO member, and we will do the rest!

Cordially,

Richard L. Tatum
State President
