**September 30, 2009 - Weekly Update**

---

---

Due to CCSO business related to securing additional member benefits in the upcoming year, the update for October 1<sup>st</sup> will not be available.

CCSO continues this week to work on the enormity of the layoff plans that will ultimately be affecting CCSO members. The research and planning of the upcoming October 7<sup>th</sup> meeting with DPA is being facilitated with the help of educational supervisors of academic and vocational instructors, as well as a CCIH representative. These three positions appear to be the hardest impacted within the supervisory ranks.

We are striving to achieve a no layoff pattern for supervisors and/or managers that have received notices. CCSO is working with supervisors and/or managers in a different path than the rank and file employee organizations, as there are fewer supervisors and/or managers; therefore, the goal to maintain the experience in the supervisory ranks is critical to the needs of CDCR. No one in the supervisory ranks should be laid off if CDCR is to maintain a successful balance during this transitional period of cutbacks to the department.

The next update will be posted on Friday, October 9<sup>th</sup>.
