Range F. This range shall apply to incumbents at Range A of a qualifying deep class and to incumbents of all other qualifying positions who elect to be employed and paid under the provisions of the 10-12 Pay Plan. The following formula shall be used to determine the gross amount of the monthly installment under the 10-12 Pay Plan:

Regular monthly salary times 10 divided by 12 equals 10-12 Pay Plan gross monthly installments.

Range G. This Range shall apply to incumbents at Range B of a qualifying deep class who elect to be employed and paid under the provisions of the 10-12 Pay Plan. The following formula shall be used to determine the gross amount of the monthly installment under the 10-12 Pay Plan:

Regular monthly salary times 10 divided by 12 equals 10-12 Pay Plan gross monthly installments.

Range H. This Range shall apply to incumbents at Range C of a qualifying deep class who elect to be employed and paid under the provisions of the 10-12 Pay Plan. The following formula shall be used to determine the gross amount of the monthly installment under the 10-2 Pay Plan:

Regular monthly salary times 10 divided by 12 equals 10-12 Pay Plan gross monthly installments.

Range T. This Range shall apply only to incumbents in classes in Bargaining Unit 3 and all supervisory and managerial classes directly tied to Bargaining Unit 3 other than teaching and vocational instruction classes used in support of institutional facility academic programs. The following formula shall be used to determine the gross amount of the monthly installment under the 9-12 Pay Plan:

Regular monthly salary times 9 divided by 12 equals 9-12 Pay Plan gross monthly installments.

PAY LETTER 06-14A

Range 1. This Range shall apply only to incumbents in classes in Bargaining Unit 3 and all supervisory and managerial classes directly tied to Bargaining Unit 3 other than teaching and vocational instruction classes used in support of institutional facility academic programs. The following formula shall be used to determine the gross amount of the monthly installment under the 11-12 Pay Plan:

Regular monthly salary times 11 divided by 12 equals 11-12 Pay Plan gross monthly installments.

Prior to movement to another class in State service, an employee receiving compensation under Ranges B, F, or G shall first be allocated to the appropriate range without application of the conditions to Alternate Range Criteria 40.

When the requirements for the particular criteria are met, the employee shall receive a rate under the provisions of DPA Rule 599.681.

Range 7. This range shall apply to incumbents employed at a Division of Juvenile Justice high school within the California Department of Corrections and Rehabilitation only. Employees shall be compensated in accordance with the academic calendar schedule established by the California Education Authority (CEA). See Section 8, Variable Compensation for the established rates for the respective high school.

All employees hired prior to April 1, 2006 will be initially placed into the salary schedule, based upon current salary and qualifications, and will move in range upon completion of 12 credits/units. Future advancement through the ranges on the salary schedule shall be based upon earning 12 units for each future range advancement, through Range E.

For new employees, outside qualifying experience in a full time credentialed teaching position can be used to place the employee into the salary schedule up to a maximum of Step 10.

Acceptable credits will be limited to new semester (or equivalent quarter) credits earned in an accredited college or university, including credits for continuing education courses, if taken from an accredited college or university. In addition, vocational education teachers shall receive one (1) unit of

Continuing education units required for current professional license/certification and/or continuing education units or work experience directly related to course curriculum and/or professional development, that are offered by approved providers may be accepted for salary advancement with prior approval from an immediate supervisor.

For the purpose of salary advancement, employees may also receive both professional growth and salary advancement as long as there has been prior approval for such an action from an immediate supervisor or program director as follows:

- Credits used for salary advancement shall be directly related to the field of instruction of the teacher or specialist seeking credit.
